Notice of Appointment.

AYER'S Hair Vigor

rown color, or deep black, as may be desired By its use light or red hair may be darkened thin hair thickened, and baldness often

though not always, cured. It checks falling of the hair, and stime lates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from Kirby, O., July 3, 1882: "Last fail my hair commenced failing out, and in a short time I became nearly bald. I used part of a bottle of AVER'S HAIR VIOOR, which stopped the failing of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. Bowen, proprietor of the McArthur (Ohio) Enquirer, says: "Ayen's Hain Vicous is a most excellent preparation for the hair. I speak of it from my own experience. Its use promotes the growth of new hair, and makes it glossy and soft. The Vicous is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. Angus Fairmairn, leader of the eelebrated "Fairbairn Family" of Scottish Yocalists, writes from Boston, Mass., Feb. 6, 1886: "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AVER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public." Mrs. O. A. Perscott, writing from 18 Eles St., Charlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a mouth my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vigor, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of Aven's HAIR VIGOR. It needs but a trial to convince the most skepti

Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists.

(Continued from had wook) How Watch Cases are Made.

This process of manufacture was invented by James Boss, who started in business in 1854, and the methods and tools used in making these watch cases are covered by patents. This is the only watch case made under this process. For many years the introduction of these goods was slow, owing to popular prejudice against "plated" goods, but gradually the public learned that the James Boss' Gold Watch Case was not a but was made of genuine gold plates of standard quality and thickness. Conscientions the best watch case ever put on the market, and the adoption of every improvement suggested, has made the James Boss' Gold Watch Case the STANDARD. In this watch case the parts & & most subject to wear-the bow, crown, hinges, humb-outches, etc., are made of solin GOLD.
